To continue to improve community safety and build confidence in communities	*NI 2 % of people who feel that they belong to their neighbourhood	Not available until Place survey is conducted in autumn 2008				*Worcestershire County Council, District Councils West Mercia Constabulary Worcestershire Infrastructure Consortium
<p>The target will be a meaningful improvement in the level from the 2008 Places Survey Baseline to the 2010 Places survey final measure, subject to response rate.</p> <p>We recognise that a low response rate would impact on the size of a statistically significant increase. Therefore, should the increase required by that standard exceed 5% using the 95% confidence level, we will adopt an interpretation of 'meaningful improvement' similar to that adopted for NI7 - for example, by reducing the confidence level required in calculating statistically significant improvements</p>
